useful tips

How To Use Stick-Tack?

- Ensure that surface are dry, clean and free from grease.
 - Tear off the amount you need.
- Pull, stretch and knead until it's soft and supple
 - Roll into a blob. • press firmly
- Place between surfaces to be fastened.

How To Remove Stick-Tack?

- To remove, roll the adhesive off the surface.
- Any remaining pieces can be removed by dabbing the blob over the area.

no stain, no mess • sticks firmly • safe & easy to use

Fungistatic agent built-in

In our daily life, we are surrounded by many unseen bacteria. These unseen bacteria could survive up to 3 days under ideal growth conditions.

Shiny's NTbac Line has fungistatic agent built-in during the manufacturing process. It has the ability to reduce up to 99.99% of bacteria.

The SGS report can be downloaded from the link below.
www.shinystamp.com/antibac.htm

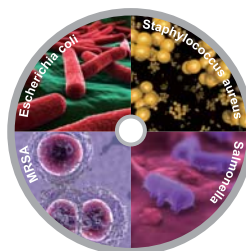

Test Requested & Method: Reference U.S. Pharmacopeia 26 NF 21 Microbiological Tests (51) Antimicrobial Effectiveness Testing.

★ This stamp has been treated with a fungistatic agent to protect the product from fungal growth. This agent also retards the growth and action of bacterial odors.

PET 100%

The PET material is 100% recycled from water bottles, which accounts for more than 77% of the plastic used.

With environmental threats and degradation such as deforestation in mind, Shiny has introduced a series of products using 75% post consumer recycled material that pack with recycled fiber in its ECO Line.

useful tips

HOW SHOULD THE TEXT PLATE BE AFFIXED ?

- 1 Press down and lock the printer into position.
- 2 Remove protective strip from the base of your printer.
- 3 Affix textplate, ensuring the text faces up and reads backwards from right to left.
- 4 Make sure the textplate is facing the direction as shown.
- 5 Press Printer down on a firm surface to unlock it.

DUO

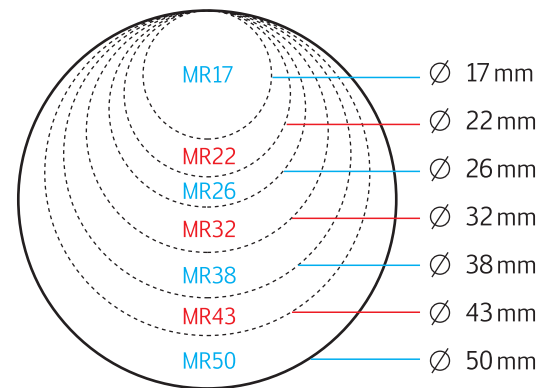

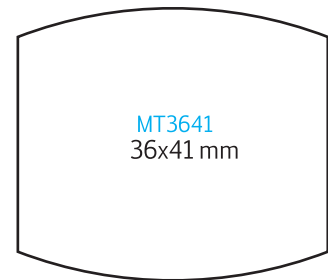

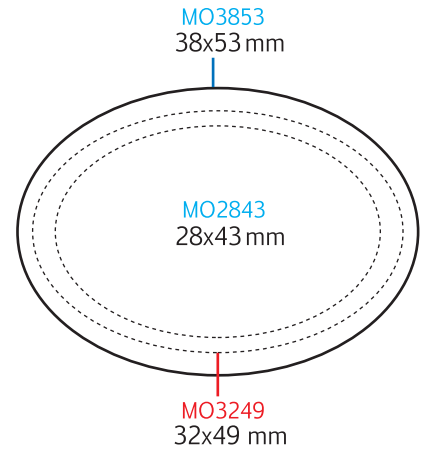

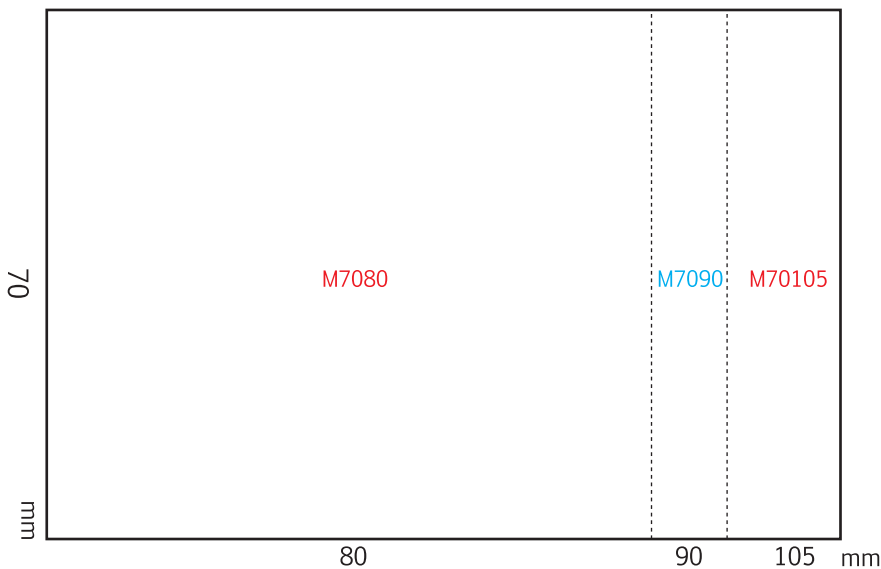

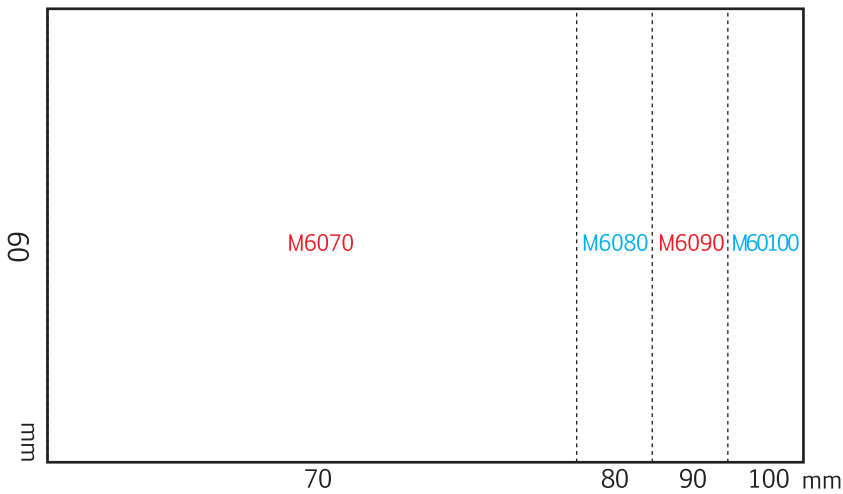

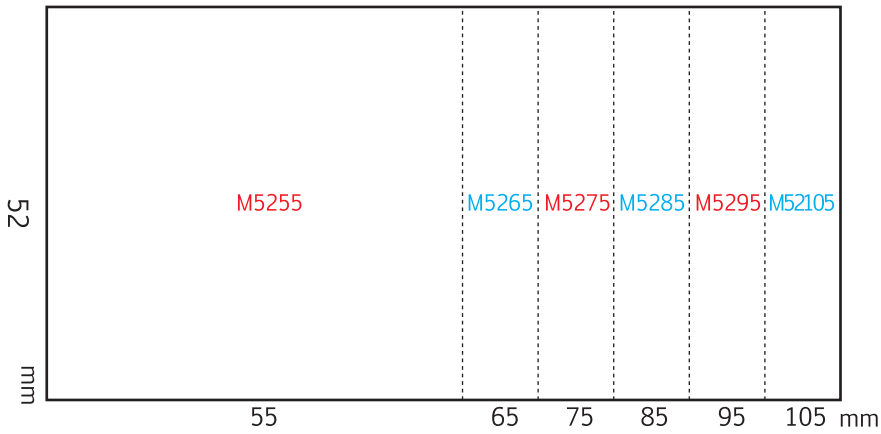

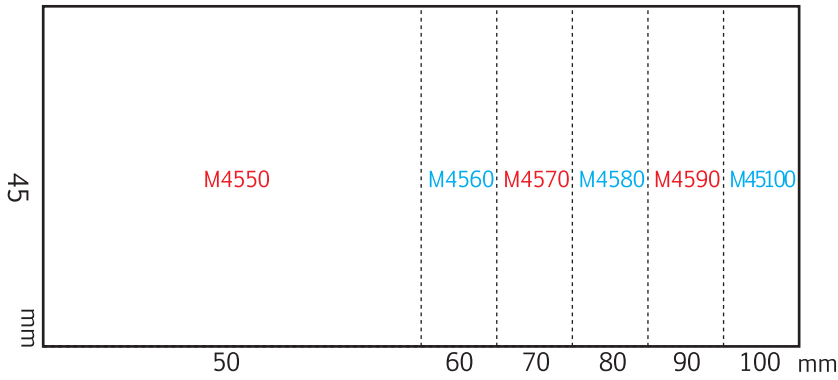

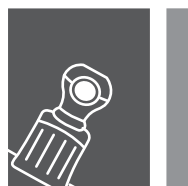

Over 100 print sizes available

With environmental threats and degradation such as deforestation in mind, Shiny is delighted to introduce DUO, a revolutionary hand stamp designed to replace conventional wooden stamps. Shiny's DUO not only provides a multitude of print sizes, but permits more versatility and greater possibility than outdated wooden models.

Shiny's DUO Features and Benefits

- Customer can mix & match handle to stamp mount freely.
- Inventory control: handle and stamp mount can be disassembled to save space.
- Stamp mounts can be converted to Pre-Inked style at customer request.
- Compact handle permits easy portability in any briefcase or purse.
- More than 100 print sizes available.

(28 ML)
(for Self-Inking Stamp
& Stamp Pad)

NON-POROUS INK

- The Non-Porous Ink can be stamped on any smooth surface, and it works on Self-Inking stamps as well as Stamp Pads. The special ingredient requires good match with felt pad material.

- Only use rubber die with Non-Porous Ink, but not photopolymer.

- NP-61 ●
